Ronjon, I just forwarded to you the Solice closing **documents** that Sravan has requested to your sharefile. As you know Sravan has requested same dox. Our firm doesn't give access for us to drop **documents** into Google drive due to Cybersecurity issues. Can you please forward the dox that I just sent to your Sharefile to Sravan and upload it on his Google Drive? Our firm is trying to get this to Sravan tonight but the protocols here are kind of ridiculous because we have been attacked through Google on cybersecurity issues. Sravan really wants the dox and I don't want to delay it. I would appreciate that.

Thanks.

Sravan, I have been jammed and did not respond to your last couple of emails. On the note below, we cannot request Luminar to preserve any record. That kind of letter is reserved for litigation: record preservation and non-destruction of records. If you commence litigation against them, then you lawyers will send a note to the party you are suing to preserve records and not engage in destruction of records.  
  
I think it would be good for the two of us to get on a call or meet in person and think through what it is you are planning to do if you know that. Otherwise, getting into discussions with Luminar and taking a posture that you will not follow through with the Plan of Dissolution will just cause disturbance between you personally and Luminar. I don't know how fruitful that would be. I am happy to help you think through this.

# Gupta and Puttagunta as Disinterested Common Directors of Solstice Research requested closing copies from Luminar

Project Condor - Introduction of New Board Members > [Inbox](#) 

Pahlavan, R. Arman (PAO) <APahlavan@perkinscoie.com>  
to Ramy, Matthew; me, Anuj 

Dear Matt and Ramy, you may remember Sravan and Anuj who were holders of Common Stock of Solstice from the Project Condor transaction. Last week, they voted by written consent to place themselves as shareholder representatives of Common Stock to the [Board](#) of Directors. They have posed many questions about the deal, diligence and other matters. They also wanted to have direct communication with Luminar about the transaction.

First, I thought that we needed to inform you of the change in the [board](#) composition because Solstice has certain obligations to perform under the Plan of Dissolution. Lastly, we wanted to make sure that you have direct contact with them. They are cc'd on this email correspondence.

Kindly take it from here.

My best,

## Luminar Response to this query

Hi Sravan:

Thanks for your note.

As you may recall, Perkins Coie acted for Solstice and its stockholder so that's who can provide you these materials. Do you need contact information for that team?

Hi Sravan:

As noted below, we acted as counsel to Luminar in the Condor transaction and, for that reason, we are not in a position to provide our client's transaction documentation to you without our client's consent.
